Hello- Happy New Year. From all of us at Loveland Habitat, I just wanted to send warm wishes and thanks to everyone that has donated to and volunteered for Loveland Habitat. Your generosity and spirit are amazing, and we're grateful for your support.

Help us celebrate in 2017! This year we celebrate our 30th anniversary of providing decent, affordable housing to Loveland's low and moderate income families. Our success over the years would not be possible without the many dedicated and tireless volunteers we rely on to build. Also, we cannot thank enough our corporate and individual donors that help us pay the bills, and keep our building costs low, which helps families pay an affordable mortgage. We're grateful to all of you for your unwavering support.

A special shout-out to the 130-plus Habitat homeowners in Loveland who've stepped up to make affordable homeownership a reality for their

families...your commitment and desire to make a better life for your families is empowering and energizing for all of us.

We want to hear from you Are you interested in volunteering, or learning more about Loveland Habitat for Humanity. By all means, feel free to contact me with any questions. [Email me here.](#)

30 Years of Building Community in Loveland

Loveland Habitat for Humanity was founded in 1987 by a small group of Loveland's community and religious leaders. Through their common interest in making Loveland the best city that it could be, these visionaries recognized a growing need for safe and affordable housing for Loveland's low income

residents. Their goal– to work with families seeking new and better housing in safe, family-friendly neighborhoods. Not to provide a hand-out, but a hand-up, so families could help build and purchase an affordable home. 30 years later, through the hard work of homeowners and volunteers, over 134 homes and 28 home preservation projects have been completed.

Save the Date: November 4, 2017

Anything from processing housewares and clothing merchandise, helping handle donations in the receiving and furniture departments or light office duties utilizing your secretary skills.
