## Why Women Build?

Habitat for Humanity's Women Build program engages, mobilizes, trains and empowers women. While men aren't excluded, the program strives to create an inclusive and collaborative atmosphere specifically for women to help themselves and their neighbors improve their living conditions. In sponsoring, not only are you investing in building critically needed affordable housing, you're helping build strong and stable neighborhoods where Loveland Habitat homeowners can thrive for generations.

**Women Build participants work in a collaborative atmosphere under the guidance of construction professionals and alongside other volunteers and future Habitat homeowners.**

## Betty's Story

When Betty first stepped onto the construction site, she wasn't just building a house – she was building her future. With every joist she set and every wall she raised, Betty found strength in the power of women coming together. "I feel proud that I helped build my own house," she shares. Thanks to Women Build donors & volunteers, Betty's dream of homeownership became a reality. Now, as she settles into her forever home, she calls it more than just a house, it's her castle – it's stability, security, and permanency.

Join us in empowering more women like Betty. Because when women build, communities thrive.

## FAQ

### Is my sponsorship tax deductible?

Yes. Your sponsorship is a tax deductible contribution and helps us with our affordable housing mission!

### Do I need experience or tools to work on the build site?

No! Our construction staff are eager to teach you new skills and will provide all training, tools, and safety equipment.

### When are the build days?

Women Build days will be held on Saturdays from April 12 to May 10. Fridays are available upon request or when all Saturdays are full.

### Who should I invite to my team?

Think of who you know! Family, friends, coworkers, and colleagues who are looking for ways to give back to the Loveland community.

### Can men volunteer for Women Build?

Yes! While Women Build is aimed at empowering women, men are welcome to join a team as well.

*"I felt very proud of helping; humbled by the stories and empowered by the women around me. It was an amazing experience!"*
